

CV ERIK STEINFELDER

Erik Steinfelder earned his Bachelor of Science degree in Analytical Chemistry from the Saxion University of Applied Sciences in Deventer, Netherlands, and completed Foundations of Management at Nyenrode Business University in Breukelen, Netherlands. In 2008, he joined Thermo Fisher Scientific, a multinational biotechnology product development company based in the US. In his position as first Biobank Commercial Leader EMEA, he went on to head the complete biobank portfolio and range of activities and, most recently, became Corporate Accounts Executive. Additionally, between 2014 and 2017, he was also President-elect, President and past President of ESBB, the European, Middle Eastern and African Society for Biopreservation and Biobanking.
